*Specialty
Vinyl Systems*

Limited Lifetime Warranty

Fairway's Railing Systems have been tested to the prevailing ICC (International Code Council) standards and requirements for both IRC (Residential) and IBC (Commercial) applications, as certified by an IAS recognized and ANSI certified laboratory, and those current and applicable reports, including any limitations, may be viewed by visiting www.archtest.com. Fairway Vinyl Systems are backed with a Limited Lifetime Warranty.

Vinyl Railing

Fairway Vinyl Railing is manufactured to the standards outlined in ASTM F964 and has been tested according to AC-174 criteria and is approved to meet the requirements for Guardrails as outlined for pertaining IRC (Residential) and IBC (Commercial) applications as documented in the Code Compliance Research Report, CCRR-0153.

Masters

Fairway Masters Vinyl Balustrade is manufactured to the standards outlined in ASTM F964 and has been structurally tested to meet requirements for Guardrail installations as outlined for pertaining IRC (Residential) and IBC (Commercial) applications as documented.

Grand View

Fairway Vinyl Railing is manufactured to the standards outlined in ASTM F964 and has been structurally tested to meet requirements for Guardrail installations as outlined for pertaining IRC (Residential) and IBC (Commercial) applications as documented.

---------------	----

What was once cast from stone, fiberglass, marble composites and polyurethane is now offered in economical **Low Maintenance** vinyl railing. Featuring large 4.5" wide top and bottom rails with almost 3" turned balusters, the *Legends Vinyl Balustrade* is the perfect solution for medium to large sized railing installations. Vinyl balustrade, unlike bulky cement or expensive urethane balustrades, is lightweight, easy to install and comes with a **Limited Lifetime Warranty**.

Constructed of premium virgin vinyl and reinforced with aluminum "A" channel inserts, the Legends is able to withstand the abuse of high traffic areas for a lifetime of lasting beauty and performance.

- Flat Top Rail (Drink Rail)
- No Need to Sand or Paint
- Significant Cost Savings
- Meets ICC Code Requirements
- Easy to Assemble and Install
